

We design, engineer and build attractive, durable fencing for domestic and commercial applications nationwide.

PWF
Premier Walls & Fencing

Our Product

Our unique walls were designed out of necessity to produce a product that would stand the test of time in Australia's harsh environment. Manufactured from engineered fibre cement with strategically placed control joints for maximum resistance to cracking caused by soil movement and impact damage. Designed to provide many years of service in areas that exhibit filled, soft and sandy soil that will not support the weight of a conventional block and render wall but, that's not to say that a Premier Wall will not suit any site.

WARRANTY STATEMENT

PREMIER WALLS AND FENCING products are covered by a 10-year manufacturers faulty workmanship and/or materials warranty to the original purchaser. Pedestrian and Driveway gates, including electric/solar components are covered for a period of 2 years from the date of installation. Aluminium Powder Coated Capping and Slats are covered by a 2 year warranty from date of installation.

Warranty conditions

The texture coat colour applied to premier wall and fencing kit-sets must have a Light Reflective Value (LRV) greater than 40%. Refer to the texture coat manufacturer for the coating's LRV. The manufacturer's warranty does not cover damage to the wall caused by natural ground movement, it is the responsibility of the customer to ascertain the suitability of the ground prior to installation.

DISCLAIMER

The information contained within this brochure is, at the time of print considered to be accurate, Premier Walls and Fencing reserve the right to change specifications without prior notice. Please refer to Premier Walls and Fencing full T&C's and Warranty Statement on our Web Page www.Premierwallsandfencing.com.au

8 ways to lower your quote

1. Have you considered our do it yourself kit set option?
2. Consider painting the wall yourself
3. Keep to our standard powder coat colours
4. Remove old fencing & gardens/trees yourself
5. Can you use the soil that is excavated on site rather than paying for disposal?
6. Consider installing gates at a later date, we can get your fence ready for this for little cost
7. Keep your side fencing timber or colour bond
8. Use our interest free finance or credit card facilities on your kit set.

About Premier Walls and Fencing

Premier Walls and Fencing (PWF) is a family owned and operated company with over 50 years collective experience in the manufacturing and construction industries. Our unique product is Australian designed, engineered, manufactured and backed by a comprehensive 10-year manufacturer's warranty, see our full warranty statement on the rear page.

Why choose a Premier Wall?

There are many reasons to choose a Premier Wall regardless of the site requirements

- **Low cost.** A Premier Do It Yourself wall is under 1/3 the cost of a conventional block wall while a Premier Wall installed by one of our licensed installers is approximately half the cost of a traditional block & render wall
- **Ease and speed of installation.** A Premier Wall can be erected in as little as 2 days and is no more difficult to install than a timber or colourbond fence.
- **Longevity.** Due to the inherent strength and light weight with the use of our fibre cement construction a Premier Wall will not lean, crack and in some cases fall over regardless of soil conditions.
- **Peace of mind.** With a Premier Wall you will have peace of mind knowing your investment is covered by a comprehensive 10-year manufacturer's warranty.

Our licensed installers.

At Premier Walls we are serious about providing our customers with the highest level of satisfaction throughout the entire process from sale to after sales support. As part of our commitment to you, our customer we endeavour to associate our company and our reputation with like-minded installers who are equally as committed to our customers as we are. Each of our licensed installers are independent business owners and as such understand the expectations of us & our customers. Each installer has gone through an extensive training program on the installation process of our walls giving them an in-depth knowledge of our product maximising cost savings to you. Contact us for your local installer.
